TAS-SIGN 64

THE SIGN MAKER

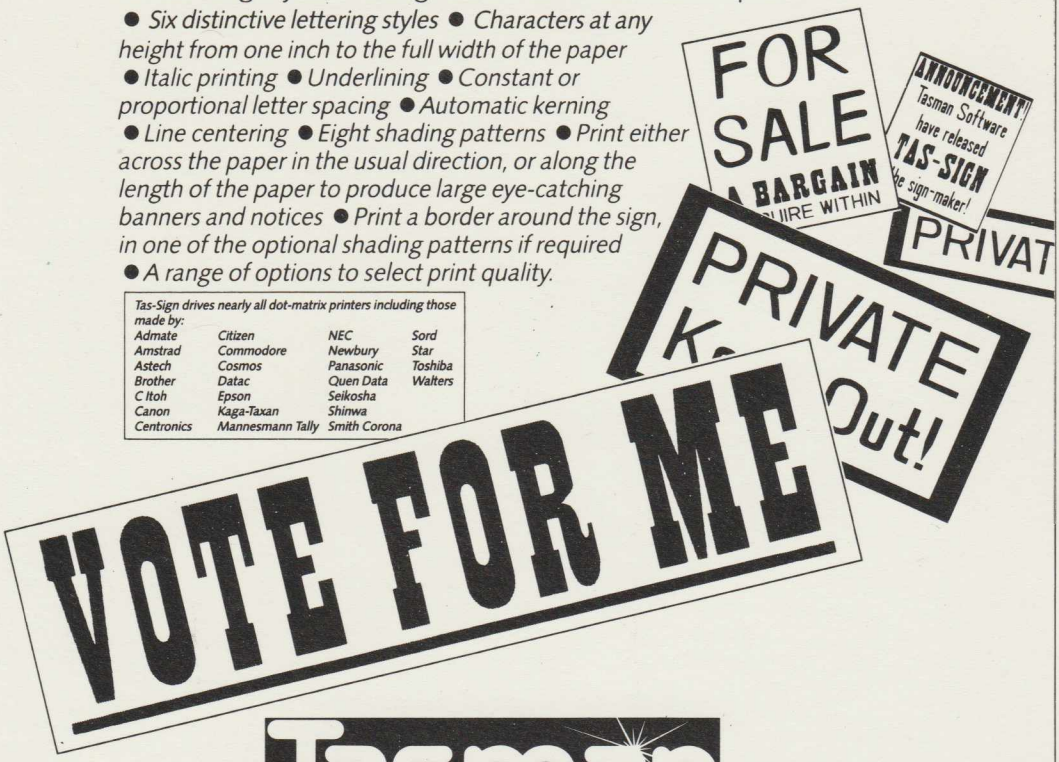
Produce and print your own signs, posters, banners and large notices to get your message across with maximum impact.

● Six distinctive lettering styles ● Characters at any height from one inch to the full width of the paper ● Italic printing ● Underlining ● Constant or proportional letter spacing ● Automatic kerning ● Line centering ● Eight shading patterns ● Print either across the paper in the usual direction, or along the length of the paper to produce large eye-catching banners and notices ● Print a border around the sign, in one of the optional shading patterns if required ● A range of options to select print quality.



Tas-Sign drives nearly all dot-matrix printers including those made by:

Admate	*Citizen*	*NEC*	*Sord*
Amstrad	*Commodore*	*Newbury*	*Star*
Astech	*Cosmos*	*Panasonic*	*Toshiba*
